Tuesday, 7.30 p.m., Bible study.
Friday, 7.30 p.m., Prayer meeting.

Fifth columnists are believed to have assisted a German in escaping from an Ontario internment camp on Sunday night.

THE PASS EIGHTEEN YEARS AGO

(The Blairmore Enterprise, 1922)
Aug. 10.—Saturday last was the second anniversary of the shooting affray at Bellevue, in which Corporal Usher, of the R.C.M.P., and Constable Bailey, of the A.P.P., met their death at the hands of the bandit Beasoff gang. The sad affair was marked by the laying of wreaths on their graves at Macleod.

The world's largest steer this year tipped the scales at 4,200 pounds.

The work of stuccoing St. Anne's church has just been completed. Exterior painting is being done by G. K. Sirett, of Bellevue, while Contractor Pozzi did the stucco job.

The law firm of Loughhead, Bennett & McLaws, of Calgary, had just been dissolved.

A son was born to Mr. and Mrs. A. E. Ferguson on Saturday morning. Mr. and Mrs. Mark Sartoris and baby left Monday morning for France and Italy, via Montreal, and expect to be away about a year.

Aug. 17.—Hillcrest married ladies tied in a football game with the single ladies on Thursday evening. The marrieds were: Mrs. McVicar, goal; Mrs. Pratt and Mrs. Draper, full-backs; Mrs. Haggarty, Mrs. Conkey and Mrs. Mansell, half-backs; Mrs. Cunningham, Mrs. Price, Mrs. Howcroft, Mrs. Rose and Mrs. Royle, forwards. The singles: Miss Emery, goal; Miss Stobbs and Miss Fox, full-backs; Miss Foster, Miss Price, Miss O'Dell, half-backs; Miss Ryan, Miss Bell, Miss Pender, Miss McCulloch and Miss Mansell, forwards.

The Consolidated Mining & Smelting Co. were planning on building a concentrator between Marysville and Kimberley.

Town "chickens" were much like those on the farm. "Let them run around much and they get tough."

Aug. 24.—The Blairmore Board of Trade was organized on Friday night last, with the following officers: J. Charbonnier and the Mayor of Blairmore, hon. presidents; G. Norman Elwin, president; W. Bird, secretary; W. A. Henderson, treasurer; Pete Patterson, L. Dutil, J. E. Gillis, Owen Morgan, J. E. Upton, Harry Burns and G. A. Vissac, executive.

The Crows' Nest Veterans' Orchestra has been organized, and are open for engagement for dances, etc. Following is the personnel: G. W. Goodwin, cornet; William Goodwin, saxophone; Fred Beadle, drums. Luther Goodwin, trombone; Joe Royle, violin, Ed. Royle, piano.

Mrs. J. P. McNicol and Miss Margaret Morency, of Saskatoon, are visitors here with their brother, Alex. Morency, and family.

REGISTRATION GOES OVER BIG

National Registration in Blairmore went over one hundred per cent without a hitch. All citizens apparently desired to co-operate, and there was no dearth of volunteers to assist in the big national undertaking. For five days of the previous week, booths were kept open in Blairmore in order to make sure that all citizens to which the regulation applied might be given full opportunity to enroll. As a result, the work during the set period of Monday, Tuesday and Wednesday of this week was very much simplified and easily handled. The many who volunteered in the work are deserving of thanks, and then some. We understand that the number registered in Blairmore between the ages of 16 and 100 was 1412.

SUCCESSFUL MUSIC PUPILS

The following pupils of Mrs. T. J. Costigan, L.R.S.M., A.T.C.M., were successful in passing their music examinations held recently in Blairmore:

In Royal Schools of Music: Primary Grade 1—Shirley Montalbetti and Norman Hopkins, distinction; Elementary Grade 2—Duncan Larabaster and Willoughby Udey, pass; Transitional Grade 3—Tillie Minunzie, distinction, and Eliza Jones and Louise Aboussaff, pass; Higher Division Grade 5—Margaret Carmichael, distinction; Lower Division Grade 4—Frances Mission, pass; Advanced Grade 7—Kathleen Turner, pass.

In the Toronto Conservatory of Music: Rudiments of Theory Grade 4—Olwen Brown, first class honors.

COWLEY HAPPENINGS

Mrs. Doris Sandeman was a recent Calgary visitor.

Miss Ruth Milford has returned to her home in Hamilton, Ontario, after a visit of a few weeks here with Mr. and Mrs. Jesse Snyder and family.

Richard Swift, junior, of Calgary, was a Cowley visitor on Tuesday.

Mrs. I. Christie and Dick Alexander, accompanied by Mr. and Mrs. James Lote, were Sunday visitors to Waterton Lakes.

Mr. and Mrs. Kenneth Martin and Donald, Dale and Clare, in company with Mr. and Mrs. M. A. Murphy, were on a camping holiday trip up Race Horse Creek on Sunday last.

Teddy Dionne, Lloyd and Freeman Scott, recently joined up in Pincher Creek for active service.

Mrs. George Dwyer is paying a visit to her daughter, Mrs. John McQuarrie, in Coleman.

Mr. and Mrs. C. J. Bundy and daughter Clare, accompanied by Miss Edith Murphy, are on a camping holiday trip of two weeks to Waterton Lakes. Mr. Bundy is being relieved at the C.P.R. station by Mr. Kendall.

Rev. W. H. Irwin, of Bellevue, was making calls on people in Cowley on Wednesday of this week. At the Sunday morning service here in the United church on August 25th he will take as his subject "The weakness of God that is stronger than man."

The community was shocked on Wednesday when the sad death of Bill Vishlow was made known, being victim of a lightning stroke. The fatality occurred about 9.30 a.m., when a ten-minute electric storm developed while the boy was stooking grain on his father's field one half mile east of town. He was found approximately 45 minutes later by his father, on the next round of the field with the binder. Interment was near Lundbreck, on Thursday afternoon. Bill was 20 years of age and is survived by his parents, Mr. and Mrs. Alex. Vishlow; two brothers, Fred and Alex, and three sisters, Helen, Mary and Annie.

Mr. and Mrs. H. Carmichael and daughters returned this week from a holiday spent at Edmonton.

EDUCATIONISTS

Deputy ministers of the departments of education from all nine provinces will meet with the education committee of the Canadian Legion War Services and officers representing the navy, army and air forces, for a conference August 27 and 28 to be held at Queen's University, Kingston, it is announced by Dr. A. E. Chatwin, administrative officer of the Legion education division.

The conference, which will be presided over by Lieut.-Col. Wilfrid Bowey, national chairman of the C.I.W.S. education division, and which will be attended by Brigadier W. W. Foster, director of auxiliary services, will be for the purpose of discussing the Legion's text-booklet plan which is designed to provide an improved system of handling education of the troops on active service. The booklet, some of which have already been published, will be on subjects required in both elementary and high school courses, as well as vocational and technical courses.

Dr. Chatwin explained that the departments of education in every province have shown a keen interest in the Legion's plan to evolve a national standardized education scheme so that men enrolled for study who move from one province to another will be able to continue their work unhindered. It is anticipated that this matter will be dealt with in detail.

Representatives of the Legion's research council, headed by Dr. John Robbins, of the national research council, will also be in attendance during the two-day conference, Dr. Chatwin said.

FIREARMS MUST BE REGISTERED

All firearms must be registered with the Royal Canadian Mounted Police before September 15th. Particulars required are: type of gun, make, model or year number, calibre, gauge, whether single, double or automatic. If in doubt as to details, bring in your gun.

Joseph T. Sarvis, retired C. P. R. engineer, passed away at Cranbrook on August 9th in his 67th year. He was born at Stratford, Ontario, on August 20, 1873, and entered the service of the C.P.R. at Macleod in 1896 as a wiper. Shortly afterwards he was promoted to the position of fireman, working on the construction of the Crows' Nest branch. He reached Cranbrook after the laying of steel to that point. In 1900 he was transferred to Macleod, remaining there till 1903, when he was promoted to engineer and was transferred back to Cranbrook. In 1909 he was engineer on the Flyer, running between St. Paul and Portland, his run being between Cranbrook and Kingsgate. He was superannuated on August 20th, 1938, after completing forty years of continuous service. The remains were laid to rest at Cranbrook on August 12th.

Just before the King inspected 2,000 men of the L.D.V., drawn from a zone in Essex at their headquarters at Woodford recently, the Royal car was challenged. The King was asked for his identity card and produced it. The member of the L.D.V. who challenged the King and demanded his identification card was Mr. Harry Kenny, V.C., who won the decoration for bravery at Loos in 1915, when he was a private in the Royal North Lancs Regiment. The King left his car and followed Mr. Kenny inside the block for identification. The King was asked if he could vouch for the remainder of the party and those in the convoy of cars accompanying the party, and he replied they all possessed identification cards.

Italians have captured Somaliland—just for a little while.

BELLEVUE HAPPENINGS

Mrs. J. Christie, who had spent the past month at the home of Mr. and Mrs. E. W. Christie here, returned to Vancouver on Friday.

Mrs. Craig and son, of Nordreg, are visiting with Mrs. Craig's brother and sister-in-law here, Mr. and Mrs. Gordon Key.

Mr. and Mrs. William Alexander and Connie, accompanied by Mrs. D. Hall, left Sunday on a vacation to Vancouver.

Mr. and Mrs. J. Hillary and daughters, Mary and Betty, returned Saturday from a two weeks' vacation spent touring the Banff-Jasper highway.

Mrs. William Irwin, junior, of Lehigh, is visiting here with Rev. W. H. and Mrs. Irwin.

Charles Ritchie, junior, and George Green were week-end visitors to Calgary and Banff.

Mr. and Mrs. William Beck have taken up residence in Hillcrest.

G. W. Cousens returned home over the week end from a vacation of two weeks spent at Calgary, Banff and Jasper.

Mr. and Mrs. K. McDonald, Miss Erna McDonald and Mrs. Annie Wood, of Nova Scotia, spent the week end in Calgary and Banff.

Mr. and Mrs. J. L. Cousens and daughter were week-end visitors to Calgary.

Mrs. George Jordan, senior, returned over the week end from a holiday spent at Vancouver and Trail.

Mr. and Mrs. H. Barless and Jack have returned from a vacation spent at the Pacific coast.

Mr. and Mrs. William Cole, senior, accompanied by their grandson, Lyman Gerney, of Victoria, B.C., are visiting at the home of their son and daughter-in-law, Mr. and Mrs. W. V. Cole.

Mr. and Mrs. J. Heston returned over the week end from a holiday spent at Victoria.

Mr. R. T. Johnson returned last week end from Vancouver, where he spent the past month.

Mr. and Mrs. D. A. Perry, of Strathmore, are visiting the latter's sister here, Mrs. D. Hutton.

Mr. and Mrs. William Cox, senior, and son, accompanied by Mrs. Fred Padgett, left Tuesday to spend a few days in Calgary.

The status of St. Pierre and Miquelon remains unchanged in so far as Newfoundland is concerned. They are still French territory, and their relations with the oldest colony have returned to normal. Because of these relations the inhabitants of the islands will not suffer from food shortage such as is and will be experienced in France. Addressing the Pan-American Conference at Havana recently, Mr. Cordell Hull, the American secretary of state, stated that St. Pierre and Miquelon would be brought under the name classification as Martinique, and very likely would be taken under the protective custody of the twenty-one American republics.

The Blairmore Elks' annual carnival will be staged in the arena on three nights, August 31, September 2 and 3. Major prizes will take the form of three war bonds, one each night, of value \$100. Tickets for same have been going fast and are still available. Get yours before the supply is exhausted. There will be the usual round of booths, blankets, house-ware, refreshments, Get Hitler, etc. And remember, you'll get a place in eternity if you get Hitler right! Ask any Elk and he'll tell you how, for the real purpose of this carnival is to help Britain win the war.

A novel method to get rid of hornets was suggested to us a few days ago. We tried it out and it worked wonders. Simply place the third finger of your left hand in the entrance to the hornets' nest. Leave it there for one hour and they're all dead.

IMPORTANT NOTICE

School teachers and high school students who will be called up for military training during September are urged to elect to take their training during the first two weeks of the month, rather than the second two weeks, so as to avoid, so far as possible, under war conditions, undue disruption of the school year.

Candidates for admission to normal schools are also urged to choose the first training period. They will thus make possible their attendance at normal school from the opening day, September 15th.

This is the gist of an appeal issued by Dr. G. Fred McNally, deputy minister of education, following the receipt of information from military authorities that trainees under the national service regulations will have the privilege of choosing their own period of camp training. The first is from September 1st to September 15th; the second from September 15th to September 30th.

Dr. McNally advises, following many requests, that:

1. High school students and normal school candidates should choose the first period. Only nine school days will be lost by the first named; none by the second.

2. Teachers should arrange with local boards so as to avoid disruption. Where substitutes can be provided, or re-organization of staff is possible, the first two weeks or the second, as circumstances warrant, may be found best. Where schools must be closed, the first two weeks should be chosen.

We thank the Hon. W. D. Euler, minister of trade and commerce, for a copy of the 1936 census of Alberta. According to this compilation, Blairmore's population in 1906 was 449, Coleman's 915; and in 1936, Blairmore's 1,682, Coleman's 2,129. Pincher Creek's population in 1906 was 589, and in 1936 showed 999. Frank's population in 1906 was 1,178, and in 1936 258. The book weighs two pounds and contains tons on information regarding population, resources and industries. Unlike "The Case For Alberta," the price net is only 50 cents, and may be secured upon application to the Department of Trade and Commerce, Ottawa.

Kultur Is Out

Wood Wholly Used in Last War Is

Furnished To Hitler

The Buffalo Courier-Express says

during Kaiser Wilhelm's war there

was much talk of the aims and pur-

poses of the Germans' plan to spread

Kultur. The word had some vague

relationship to the obvious English

translation, culture, but no one out-

side Germany could see the point.

Kultur, Blut und Stahl (culture,

blood and steel) hardly belong to-

gether. So events proved. To-day,

in Hitler's war, there is no mention

of Kultur, which has been outmoded

and has been supplanted by such war

cries as Lebensraum, Aryan and

Haase England. The new slogans, if

no more can be said about them, do

have the merit of frankness which

the aliboths of the World War

lacked.

Another Proof Of Barbarism

Germans Forbid Jewish Hospitals To

Display Red Cross Symbol

The Germans have forbidden Jew-

ish hospitals to exhibit the Red Cross

symbol or to paint the Red Cross sym-

bol on the roofs. Thus, in the bomb-

ing of Germany, armies will be un-

able to distinguish a Jewish hos-

pital from any other building. And,

of course, it may be hit.

The capacity of the German for

thinking up mean and cruel things

seems unlimited. This is about the

saddest of immorality. If a Jewish hos-

pital happens to be hit, then the

Germans will charge the British with

bombing hospitals, and send photo-

graphs all over the world to prove

it.—St. Thomas Times-Journal.

Advice To Beekeepers

More Bees Should Be Wintered This

Year If Possible

Beekeepers are advised to winter

more of their bees than usual, by L.

T. Floyd, Manitoba provincial apicultur-

ist, and Bert Martin, entomologist at

the University of Manitoba. The

extremely late breeding season in the

southern states this year and the 10

per cent. import tax, they state, will

make the importation of package

bees very expensive. Another good

reason is the difficulty in obtaining

permission to send money out of Can-

ada.

HOME SERVICE

HOW TO PLAY THE GUITAR

SHOWN BY NEW BOOKLET

The diagram pictured has at the

top the notes of the C. Major chord

and, below, shows how to play this

chord on the guitar fingerboard. The

vertical lines are the strings and the

horizontal lines are the frets or metal

bars.

To play the C. Major chord, press

the strings close to the frets with

your left hand at the points where

the strings are numbered 1 and 2 is in-

dicated, and at the same time, with

your right hand pluck the strings near

the sound hole, as shown by lower

part of diagram. Use the thumb (in-

dicated by X) a split second before

the fingers 1, 2 and 3, which you play

together.

Our new 32-page instruction book

explains the guitar fingerboard in

detail; shows methods of playing and

correct fingering. Gives complete

diagrams and directions for playing

chord accompaniments. Includes me-

lody and guitar chords for seven fa-

vorite songs.

Send 15 cents in coins for your

copy of "Easy Lessons in Guitar

Playing" by the Winnipeg News-Press,

Winnipeg Newspaper Union, 176 Mc-

Dermott Ave. E., Winnipeg, Man.

The following booklets are also

available at 15c each:

183—"Self-Instruction in Short-

lands."

182—"How to Give Beauty Treat-

ments."

179—"Tricks and Tricks for Amate-

ur Magicians."

177—"Costume Jewelry You Can

Easily Make."

167—"Popular Cowboy Songs."

161—"Fun With Fortune Telling."

I Read---And Write---For You

By JOHN C. KIRKWOOD

You can be taught fishing—angling—by Columbia University. An extension course of the Institute of Extension teaches one about baits, lures and plugs, how to cook your catch, and how to mount your big ones, and a deal else. The course is named "The Theory and Practice of Fresh Water Angling." What a fine Christmas gift this course would be! You just pay for it and wish it on that kinsman or friend of yours who bores you with fish talk.

About that word "bore." I heard a definition of it which was new to me. A bore is a man who persists in talking about himself when you want to talk about yourself.

Now and then Herr Hitler "thanks God" for something or other, which suggests that he has religious impulses. And the Germans suppose whom we have come to believe are not very vainly, bought more Bibles in 1939 than they did in any other year. Perhaps they think that the possession of a Bible is a talisman—even so many of us who live in Canada. They bought 275,000 Bibles in 1939, and only 108,000 in 1938. Poland likewise increased its purchases of Bibles—from 54,000 in 1938 to 135,000 in 1939. In Belgium the 1939 sales were double those of 1938. The same is true of Rumania and Hungary. In China the 1939 sales rose 10 per cent. of the total being about 2 1/2 million copies. In Japan, however, 1939 sales slipped—from 540,000 in 1938 to 385,000 in 1939. These figures have been obtained from the British and Foreign Bible Society in London.

Ice coffee is regarded by many as one of the noblest of summer drinks. To be at its best, it should be fresh made. You pour it into tall glasses nearly filled with ice; add heavy cream, plain or whipped, and the right amount of powdered sugar.

Coffee is the standard drink of the people of the United States. During the first four months of 1939, they drank over 682,000,000 pounds of it—or about five pounds per capita. But not all the coffee is consumed in the United States. In the near future, the average per capita consumption in these four months might be nearer 10 pounds than five—or more than a pound per month.

The Italians want coffee even as they do wine, but can't get it now.

On the dark East Coast the summer and in other ways are being Europeanized—or Americanized. A letter posted in Iqviut on June 28th reached Toronto on July 9th, and it was not carried by airmail.

There is a public water-works system in most homes (there are not 100 of them) are to be found electrically-operated gramophones and very choice records. In many homes are short-wave radio sets. There is a community dance hall, and those who enjoy music in formal attire—in "talls", in the case of men. And they have daylight-saving there to obtain their minds in formal dress.

In Iqviut the entire population is Danish—or Eskimos.

SUNDAY SCHOOL LESSON

AUGUST 25

CONFESSION AND FORGIVENESS

Golden text: Confess therefore your sins one to another, and pray one for another, that we may be healed. James 5:16.

Lesson: I. Samuel 12:1-14; Psalm 51:1-17; 32:1-11.

Devotional reading: I. John 1:7-12.

Explanations and Comments

Sis. H. Samuel 12:13, 14. David had been guilty of a grievous sin. He had coveted the wife of Uriah, and in order to get rid of the latter, he sent word to Joab, the captain of his army, to put Uriah in the thick of the battle he was waging and then withdraw so that Uriah might surely meet his death. Thus the unsuspecting husband was slain, and David married Bathsheba, his wife.

Nathan the prophet came to David and told him his parable of the rich man who had "exceeding many flocks and herds," but when he wished to provide a traveller with food, he did not have one of his own lambs killed, but the little ewe lamb of his poor neighbor, his only possession, which he had brought up and nourished.

Read the account in Samuel 12.

And David's anger was greatly kindled against the man; and he said to Nathan, "As Jehovah liveth, the man that hath done this is worthy to die." And Nathan said to David, "Thou art the man. Thou hast smitten Uriah the Hittite with the sword, and has taken his wife to be thy wife."

Then David said unto Nathan, I have sinned against Jehovah.

Nathan and Confession, Psalm 51. We think of this psalm as sung by David after Nathan had brought home to him his sin by means of his parable with its dramatic application. Some one has called David the prodigal son of the Old Testament.

Have mercy upon me, O God. "Thou wilt be to me, O my God, but David had sinned away his assurance; he dared not claim proprietorship in God, nor relation to him, having forfeited both" (John Trapp). (According to the little ewe lamb of his poor neighbor, his only possession, which he had brought up and nourished.)

Forgiveness, Psalm 32:5. In this song the singer is rejoicing in the assurance of forgiveness. "This psalm follows close upon the Fifty-first, even as the day follows the night, as forgiveness follows penitence, and peace follows forgiveness. It shows a smiling face after the tears have been wiped away. The prodigal has entered the Father's house." (Henry van Dyke).

FLATTERING BUTTON-FRONT MODE

By Anne Adams

The Health League has published a new leaflet on Nutrition called—"How to eat for Health and Victory." It will be sent free of charge to any

The Health League also suggest that "Food and War," a new booklet issued by the Canadian Medical Association is a valuable book for housewives to have.

Editorial Note: Readers who would like a valuable set of articles on the Cause and Control of Cancer may obtain them by writing to: The Health League of Canada, Dept. W.N.U., 111 Avenue Road, Toronto, Ont. Just say: "Please send me Dr. McCullough's articles on Cancer," and print your name and address plainly.

Strange Impulses

People Think Of Doing Queer Things When In Danger

A man who arrived in London recently after the ship he'd been travelling in was tormented described his reaction in a short talk with a London Daily Sketch writer. He said: "Only people who have had to rush for their lives can understand what extraordinary impulses seize a person at the last moment. A man who had to leave his home in France because Germany was rushing towards it, said his one idea was to leave the house spotless."

Loan Without Interest

Fishing Community Of Black's Harbor Makes Post War Effort

Black's Harbor, N.B., the Bay of Fundy fishing community of 1,200 persons, has subscribed \$50,000 to the Dominion's war effort as a loan without interest to the Federal Government. It was learned. The money was sent in response to an appeal from Ottawa for war loans without interest to help finance the war.

Try These Cures

To relieve pain from an ulcerated tooth, try tracing six inches of cold water in a bath-tub. For insomnia, wear a pair of cotton socks, wrung in cold water, and covered with dry woolen socks. These were the suggestions of Dr. Alexander Von Herzenberg at the annual convention of chiropractors at Los Angeles.

Blind Gardener Enlived

Robert J. Brimmon, blind for 15 years, has one of the nearest gardens in Brimmon, Mass. With the aid of a notched board for planting and ropes along the pathways between sections of his garden to guide him, Brimmon has produced results that are the envy of his neighbors.

VALUE OF VEGETABLES

Did you know that the tempting looking "heart" of a young, green cabbage is of lower food value than the outside leaves?

That is one of the items of information handed on by the Health League of Canada, in connection with the League's campaign to raise the standards of health and efficiency in Canada.

Moreover, says the Health League of Canada, since some of the value of cabbage, vitamins and minerals—are lost in boiling, cabbage salad is more nutritious than cooked cabbage.

It is pointed out, too, that price has little to do with the food value of vegetables. Brussels sprouts may cost three times as much as the humble cabbage, but they are not one bit more nutritious. Canned vegetables, though they are put up in three grades: fancy, choice, and standard, are of equal value whatever the grade.

And there is a hint as to the cheapest way of obtaining tomato juice, without which lunch or dinner is not complete for a great many people: buy the lowest priced grade of canned tomatoes, says the Health League of Canada, and strain off the juice. The residue may be combined with other foods or used in soup.

One other suggestion: don't use soda to preserve the color in cooking green vegetables. Not only is it unnecessary if the lid is left off the pot, but it destroys the valuable vitamin C, says the Health League.

The Health League has published a new leaflet on Nutrition called—"How to eat for Health and Victory." It will be sent free of charge to any

The Health League also suggest that "Food and War," a new booklet issued by the Canadian Medical Association is a valuable book for housewives to have.

WHILE BRITAIN STANDS

So long as Great Britain remains unconquered hope remains for a real peace which will release Europe—including the German people—from the prison of totalitarian terror.

While Britain stands, France, Belgium, the Netherlands, Norway, Denmark, Poland, Czechoslovakia are only temporary slaves.

While Britain stands, there is hope that the ideals of Christianity, liberty, justice, enlightenment, and tolerance will have free opportunity to develop.

While Britain stands, paganism, despotism, injustice, imposed ignorance and calculated intolerance will not have official sanction by the dominant governmental power of Europe.

While Britain stands, Japan, Russia and Italy recognize some restraints.

While Britain stands, the Monroe Doctrine can hardly be seriously menaced.

While Britain stands, the United States is not a democratic island in a world dominated by dictatorships.

While Britain stands, the oceans are barriers to, rather than highways for, aggressors.

While Britain stands, "fifth columnists" in America remain merely slinking plotters, lacking great military or economic support.

While Britain stands, America can spend some time in building a two-ocean navy.

While Britain stands, there is time to debate preparedness in the United States.

While Britain stands, those who fail to read the lessons of history can say she is fighting only her own battle.

While Britain stands, America can stay out of war.

While Britain stands, it is even possible for Americans to debate whether aid short of war should be given her.

Britain is not asking for American soldiers. She does believe that her greatest present need, her best assurance of standing is an increased supply of destroyers. The United States has some destroyers which have been paid off as "over age." They might be of use if America were attacked next year. But there is good hope that if they were sold now to Britain there would be no possible attack next year. General Pershing has urged that fifty of them should be allowed to pass to Britain.

We believe that the importance of Britain continuing to stand is such that the risk involved should be taken. We believe it is the sort of risk military commanders have always taken. We believe it is the surest, quickest step in national defence for the United States.—Christian Science Monitor.

GERMAN VICTORY WOULD

END DREAM OF WORLD

BROTHERHOOD

"Is it not significant that the Boy Scout movement has been banned in Germany and Italy? If Germany wins it would mean the end of brotherhood between man and man. We are in for a grim struggle in the next few months, or it may be years. We shall have a stiff time, but let us remember that we are standing for the most noble things that have been taught on this earth."—Bishop Tubbs, speaking in Chester Cathedral.

TRY OUR SOCIETY PRINTING

NEWS FROM EDMONTON

(T. B. Windsor)

Edmonton, Aug. 19. — There has been considerable more activity on Parliament Hill and in government circles elsewhere lately. The cabinet ministers of Premier Abernethy's government have begun coming to life again after the summer hibernation.

It is possible that the premier has seen his shadow? The unsettling thing about it, however, is that the usual line of experimentation marks the activities of the ministers. Some of the plans and proposals put forward may have merit, but the government's record in "bum steers" is so remarkable in the past that the public lift their eyebrows and wonder when any proposition comes from that quarter now. "The evil that men do lives after them" in this case; indeed it seems fated to follow them up like a bloodhound. But we'll hope for the best.

First on the list of activities during the past week was Hon. E. C. Manning's statement about providing some plan for aiding the farmers who will be forced to store wheat to obtain some money with which to carry on until markets open up.

Mr. Manning joined in the chorus of warnings against governments and peoples being blind to the threat of a serious financial crisis unless farmers are assured a substantial advance on stored grain can be secured. Mr. Manning wired the Dominion minister of trade and industry, Hon. J. A. MacKinnon, urging immediate action by Ottawa to avert the crisis.

The plan suggested was that the federal government enable farmers to finance harvesting operations by issuing negotiable grain tickets against stored grain; the tickets to be redeemed upon delivery of the grain. Under this plan the Dominion government would take title to all marketable grain stored on farms, issuing to farmers grain tickets in convenient denominations on a reasonable proportion of the grain stored.

The plan is being received with mixed views. There are some obvious difficulties, among them the question of the quality of the grain stored on the farms. Much organization will be required to value the grain, and the question of good and poor grain will largely determine the amount of loss to be suffered by the Dominion when finally it is shipped to the elevators.

One proposal for solving the problem that has been put forward outside government circles is that farmers without storage facilities should stack their grain until the markets are improved. It is certain that this immediate problem is receiving the most earnest study at Ottawa, as well as in Great Britain, where some plan may be devised for purchase of the grain in storage by the government.

Hon. E. C. Manning seems to be the most active member of the government in digging up new schemes for administering and taking under the government's paternal wing the industries of the province. He feels that to be his job. Late in the week he came out with a plan for marketing eggs. He announced Saturday that all Alberta poultrymen will be asked to vote in a plebiscite on his plan. The plebiscite will take in more than 100 main producing centres in the province, which has been divided into 16 districts for organization purposes.

The marketing plan has been drafted by a committee selected by the producers. The committee consists of K. V. Kapler, of Strome, president of the Alberta Poultry Federation; William Halsall, of Killam, and B. Galbraith, of Sanguo.

During the week Hon. Solon Low, provincial treasurer, issued his quarterly financial statement for the three months ending June 30th. This report does not indicate accurately the real trend of the financial operations of the government for its financial year. It may indicate good or not so good.

The over-all surplus is shown as \$1,592,579, as compared with \$916,607 in the same period last year. There are increases in receipts, however, due

to earlier collections than in the case of 1939, and considerable earlier payments on ordinary account than in the same period last year. A large reduction in net payments for unemployment relief also helps to make the surplus.

It should not be forgotten, too, that the government paid the cities \$120,339 less than it would have to pay on the basis of the agreement that expired on March 31st. It is also necessary to keep in mind that interest payments on the debt have not been paid in full. Had these payments been made according to the terms on which the debt was contracted, the showing would be very different.

In spite of the arbitrary cut made in interest payments, which the courts have declared to be beyond the province's legal powers, the net decrease in total debt was only \$137,429 between April 1st and July 1st. The government still followed its policy of paying some savings certificates and not others, and in this item it reduced the amount still overdue by \$166,835.

Nobody ever got dizzy doing a good turn.

Mr. and Mrs. Ed. Womersley are visitors to Calgary.

Mr. and Mrs. John McPhail have returned from a holiday to Calgary and Banff.

Joseph Haire, 104, Alberta's oldest citizen, registered at Edmonton. He could even milk.

Two thousand British children were landed at an Eastern Canadian port early in the week.

Five hundred and thirteen planes in seven days is what "Roach" would call darn good fishing.

Since Hitler started in, no one else in the world can be branded as a liar. They just can't qualify.

Conscription of farm help might get a lot of these birds who talk about how sorry they are for the farmers—Ex.

A Pincher Creek citizen was fined \$5 and costs for being in possession of undensized trout. He claimed he couldn't afford to buy larger hooks.

Mustn't hurt Hitler's feelings by rough-handling his parachutists. They must be treated kindly as Hitler purposes treating all he tries to dominate.

Mr. and Mrs. D. Rees and son Dougald have returned from a two weeks' holiday spent touring to Calgary, Banff, Jasper and Edmonton. Returning, they visited Lethbridge.

H. C. Thompson, promoter of the famous fog-free zone route across Newfoundland, was lost when the British liner Geraldine Mary was sunk in the Atlantic by a submarine.

Most of the men who had been fighting fire at Lynx Creek, returned home on Saturday. The fire is still smouldering in places, but a number of men are on hand to guard against its spread.

Government liquor control board spotters are in the district. There have been suggestions of giving them a cold bath in the Elk.—Ferne Free Press. The lash should also be applied to them.

Miss Muriel Goode, of Westville, N. S., retiring president of the Maritime and Newfoundland Rebekah Assembly, was honored at a public ceremony at Glace Bay on the night of August 13th, when she was presented with the Degree of Chivalry and the accompanying jewel in the presence of about 1,000 spectators on the grounds of the Glace Bay general hospital.

Tuition fees at the University of Alberta have been boosted on an average of \$10 for courses except those leading to bachelor of arts and bachelor of science degrees. In graduate courses, fees have jumped from \$30 to \$100 for master's degrees, and the same for tuition for honors graduates. Pass graduates' fees have raised from \$120 to \$150. Room and board will be \$227 instead of the \$210 charged previously.

Leon Trotsky, exiled Russian Bolshevik leader, was killed by a stroke from a pickaxe on Wednesday in Mexico.

Felix Thibot, of Pincher Creek, was sentenced to three months in Lethbridge jail for selling intoxicants to Indians.

Invalided out of military service, 202 officers and men of the First Canadian Division, C.A.S.F., have arrived in Canada.

Mr. and Mrs. James R. Warner and Mr. and Mrs. J. W. Gresham will return this week and from a holiday motor trip to the Pacific coast.

Pincher Creek lays claim to the Lundbreck Falls as part of Picturesque Pincher Creek. Blairmore will have to stage a blitzkrieg to secure a share of that beauty spot which is seven miles nearer Blairmore than Pincher Creek.

At least three Blairmore citizens are getting around with their left hands bandaged. All were crippled by the one method of chopping wood, slicing the left hand. Pete claims that in their new "regalia" they should be classed as leftists.

Carl Gustaf Johnson, of Ardendale district, died in hospital at Macleod on Monday, following a long illness. He was better known as Charlie Johnson, and was 68 years of age. Johnson worked at Frank at the time of the big slide in 1903.

Mr. and Mrs. A. E. Ferguson were visitors to Calgary the early part of the week, where on Tuesday night they attended a banquet of the Alberta Funeral Directors and Embalmers' Association in connection with a two-day annual convention.

The United church at Cadomin was the scene of a wedding on August 15, when Mary, daughter of Mr. and Mrs. Sherman Yelland, of Cadomin, became the bride of Rev. Charles Dwight Powell, of Acmes, son of Rev. Dr. Thomas and Mrs. Powell, of Calgary. Dr. Powell performed the ceremony.

LOCAL AND GENERAL ITEMS

Sir Oliver Lodge, 89, scientist and spiritualist, died in England today.

Louis Lach sustained an injury to his left foot at the mine on Monday.

Mr. and Mrs. E. J. Garrett visited friends in Blairmore over the week end.—MacLeod Gazette.

Frank Nemrava, of Canal Flats, has purchased the Kimberley Meat Market from W. P. Anderson.

Angelo Fantin, of Deliveries Limited, has been on holiday, and is being relieved by Armand Misson.

The remains of Mrs. Nellie Gladstone Riviere, who died at Claresholm, were laid to rest at Pincher Creek.

Mentioned in the list of graduates from Alberta University are notice the following: William Marcolin, bachelor of arts.

Mr. and Mrs. George McRae and daughter Norma, accompanied by Audrey Rollins, stopped over in Blairmore on Friday night, returning to Calgary from a visit to points west to Cranbrook.

Greyhound Lines announce special fares from Blairmore to Banff and Jasper via Edmonton and return at \$23.50, with stopovers allowed. This trip takes in the new Banff-Jasper scenic highway.

The following team appeared in the Edson-Jasper Signal last week: Rev. and Mrs. J. H. Low have returned after a visit at Calgary and Banff. While in Calgary, Mr. Low took the services at Hillcrest United church.

The unemployed relief camp near the South Fork bridge, three miles east of Cowley, has been closed, and most of the 28 cabins have been removed. A number of the cabins were sold to farmers to be used as granaries.

The work of installing a waterworks system along the main street of Bellevue is nearing completion. The contract was in charge of J. S. D'Appolonia of Excel Builders Supply Co., with A. Morency, of Blairmore, doing the plumbing, etc.

The engagement is announced of Mary Susan, daughter of Mrs. Davidson and the late William A. Davidson, to Mr. Albert Warren Howard, son of Mr. and Mrs. H. A. Howard, both of Calgary, the marriage to take place on September 14th.

Mr. and Mrs. H. B. Smith, of Lundbreck, announce the engagement of their elder daughter, Mary Elsie Beddall, to Mr. William Neil Gray, of Lumby, B.C., eldest son of Mr. and Mrs. Neil Gray, of Claresholm, the marriage to take place in September.

The profusion of mountain flowers along the new Columbia Icefield highway through Jasper Park is comparable only to the autumn glory of the eastern forests. High tablelands are now variegated seas of color, with waves of blue and rose, yellow and vivid green, breaking against the majestic background of the Canadian Rockies.

For the purpose of helping evacuee children arriving from England, three New York girls collected a total of 1,200 U.S. pennies, which were given to Malcolm J. Woods, Canadian National Railway's passenger representative in Philadelphia, for delivery to the Canadian Red Cross. One of the girls said they were "vital pennies—the outcome of prayer and meditation... please use them for some little girl coming to Canada."

He was proud of the new car he had parked so carefully in the garage, but he forgot the missus had strung the day's wash on a line in the garage. It still was on the line when he drove out—or at least nearly all. He enjoyed a throb of pride as everybody stared and pointed at, as he thought, the shiny new vehicle. Suddenly he glanced aloft. From the car's radio aerial a pair of his wife's unmentionables waved gaily in the breeze.

FRIENDS FOR LIFE

Christopher Lunt, one of the younger children evacuated from the United Kingdom, was in a happy mood when he reached Vancouver after travelling by Canadian Pacific steamship across the Atlantic and by Canadian Pacific train across Canada. He is shown here saying goodbye to his new found pal, Porter George Livingstone, who took good care of him on his long train ride. Christopher had a grand time on the journey and is now safe from German raiders. He will live with friends on the West Coast.

Mr. Gilchrist, beer parlor inspector, was in this district last week end.

Thirty years ago, the Cosmopolitan hotel at Moyle was destroyed by fire.

Munroe McLeod and Iris returned Wednesday evening from a holiday at Hillcrest.—Strathmore Standard.

Mr. and Mrs. Cecil Anderson, of Medicine Hat, spent two weeks of their vacation in the Fernie district.

R. A. Gordon, Bassano barrister, has accepted a commission as lieutenant with a Saskatchewan cavalry unit.

Mr. and Mrs. Henry Zak, senior, have returned from a holiday visit to Fairmont Hot Springs and Canal Flats.

Dave would like to know who the guy was in Lethbridge who extracted several of his teeth about two weeks ago.

Swiss authorities are trying to prevent the spread of diphtheria and typhoid, which are sweeping sections of German occupied France.

John Katan, Lethbridge grappler, is now the British Empire's wrestling champion, having defeated Earl McGready in New Zealand.

James Paden, old timer of the Lundbreck district and former resident of Blairmore, is a patient in hospital at Pincher Creek.

The Frank teaching staff for the fall term will consist of William Drake, principal, and Miss Isabel Westrup, of Hillcrest.

Miss Edna Swanson returned to her home at Blairmore on Sunday, after having visited with Edith Christianson for a few days.—MacLeod Gazette.

Douglas, young son of Mr. and Mrs. Kenneth McLellan, of Calgary, has been a holiday visitor at the home of Mr. and Mrs. R. W. Harold Pinkney.

Cost of the Alberta general election last March amounted to \$178,375, a new high and an increase of \$35,687 over the cost of the 1935 election. A war effort, perhaps.

Sections of new-surfaced concrete sidewalk were opened to traffic on Saturday morning last. In less than one hour, the beauty of that surface was besmeared with tobacco spits.

Efforts are being made to have the Greyhound Lines operate a bus service between Fernie and Michel for the benefit of miners. Nearly one hundred of the Michel miners have their homes in Fernie.

GREATEST "TEST" OF ALL

A little coterie of Stock Exchange crack enthusiasts have worked out a novel score board. Here it is:

Germany v The Rest	
A. U. S. S. R., run out	0
C. Slovakia, c and b Hitler	0
P. O. Land, c Stalin, b Hitler	10
D. Denmark, run out	0
N. Orway, c Quialing, b Hitler	1
H. Olland, retired hurt	2
B. Elgium, at Leopold, b Hitler	3
Luxe M. Bourg, b Hitler	0
F. R. Ance, c Mussolini, b Hitler	20
G. B. Britain, not out	20
A. Merica, to bat	

Close of play, 56 for 8.
Presumably the individual "scores" are intended to indicate the number of days each country survived the Nazi "blitzkrieg." — News of The World.

A copy of Premier Abertart's "Statement to the Press on refusal of parliament to grant a bank charter" has reached our desk. Papers, however, are not publishing his statement in full, because, using one of his favorite quotations, "it is not in the best interest of Alberta's public." In one instance it states "The Alberta government has done its utmost to co-operate with the federal government and with the governments of the other provinces in the dominating national tasks of putting forth our maximum war effort." Besides, his much heralded "mandate from the people" was not solely in consideration of a provincial bank, and it was not voted upon, or even thought of, by 800,000 people, as another statement had it. Our total population in 1936, men, women and children, was only 772,782, and those of the thirteen-year-old class and under had no vote in 1935 or 1939.

Mr. and Mrs. W. J. Prendergast, of Wolfville, Nova Scotia, were visitors in Claresholm with Mr. Prendergast's brother, E. J. Prendergast, and family. They were motoring through to the coast. Mr. Prendergast recently retired from the position of branch manager of the Commercial Cable Company at Havana, Cuba, and will probably take up residence at the coast. He tells some interesting stories of changing conditions in Cuba. The racial problem there now comes from an infiltration of Chinese blood into the already badly mixed racial lines of Spanish, Negro and Carrib Indian. Years ago when difficulty was experienced in getting native labor to work at all, sugar plantation owners banded together and imported thirty thousand Chinese coolies, but brought no women with them. Now there is arising a crafty, wily generation that threatens to overthrow the old order.—Claresholm Local Press.

GROWN IN SUNNY SOUTHERN ONTARIO

War's Moral Obligations

This war is an all-embracing war.

Let no one hug to himself the delusion that the effects of this tremendous conflict now being waged in Europe, Africa and Asia will not affect his welfare, his future destiny and perhaps his very existence, no matter in what part of the world he may have his domicile.

Even as the ripples caused by a stone cast in the water spread through the length and breadth of a mighty ocean, the repercussions of a bomb which destroys a house in a village in south eastern England are felt in Cape Town and Honolulu, in Brisbane and Winnipeg. The most remote and hidden spot in the world cannot escape the effects of carnage and destruction.

The greater the forces of destruction, the more widespread and the more intense is the aftermath, immediate and in the more distant future. The longer the war lasts, the deeper and the more drastic will be the wounds inflicted, physically, economically, socially and politically. The whole of humanity is bound to suffer the ill effects of the slaughter and destruction. Hence, the necessity for as speedy a termination of the war as possible.

The only insurance of an early ending of this war is its prosecution with the utmost vigor as can be marshalled by all the resources of manpower, skill and material at the command of the Empire and Allies and friends. In Canada, an important step in this direction has just been taken in the registration of the manpower of the nation, recently completed under the direction of the New Ministry of War Services.

Only A First Step

Designed for this very purpose—the prosecution of the war with the utmost vigor and thereby its speedier termination—this national registration is all to the good and highly laudable. It places on record, as far as it is possible to do so on paper, the capabilities and capacities of every individual in the nation. The avowed intention is to utilize the services and talents of every individual, as revealed by this survey, to the best advantage in the one great objective of winning the war, and winning it with the greatest possible despatch.

But, it should be pointed out registration is only the first step to this highly desirable end. If the work of documentation just undertaken is to be of value, it must be utilized to maximum advantage. There is every reason to assume that that is the intention of the government, under whose direction registration has been made, but it must not be overlooked that if this intention is to be made effective to the nth degree, the whole-hearted co-operation of every man, woman and child is an absolute essential.

The willingness with which the people of this country went to the booths and gave the information which was sought must be backed up by an equal willingness—nay, an enthusiastic desire, to undertake whatever effort may subsequently be assigned to him or her as his or her share of the joint national effort, and to carry out such assignment cheerfully, willingly and with the maximum of one's ability and capacity for efficiency.

To the extent that the individual displays reluctance in carrying out the task assigned, to the extent that he or she permits the traces to slacken, to the extent that any disposition to grumble is permitted to handicap efficiency, to that degree the nation's war effort will be hampered and to that extent will the day when victory shall crown the country's war efforts be delayed.

With this truth imprinted indelibly on every mind and with every loins girded up to hasten the time when the great objective of our sacrifices shall be achieved, the loyalty and co-operation of every individual in the country should be assured.

Everybody's Job

There are foes within as well as foes without, and not the least of them is the slacker, who may be well meaning enough, but who is willing to "let George do it," if the doing of it represents inconvenience to himself or sacrifice on his part.

That, however, is not the spirit in which this war can be won. The enemy is too powerful, too dangerous and too well organized to be overcome by half-hearted efforts. His methods of fighting are too insidious to be met by anything less than complete mobilization, not only of such concrete things as manpower and material resources, but also of those more intangible resources of the spirit and the mind—courage, determination, loyalty, co-operation and the will to do to the best of one's ability and capacity, regardless of physical discomfort.

It is in these things that the people of Great Britain and of Canada excel and this has been clearly demonstrated in the present war to date, but these moral and spiritual resources must be marshalled and mobilized to the maximum degree, as well as those of a physical character, if the war is to be won and won speedily. And that is the job of every individual. It is everybody's war.

Just A Reminder

When one reads of five British airmen attacking a flight of 100 Germans and chasing them out, it is a reminder of the verse in Leviticus, xxi, 8: "Five of you shall chase an hundred and an hundred of you shall put ten thousand to flight."

Egypt will plant seeds of the best American tobacco to test the possibility of raising more of the leaf.

Must Rely On Harvest

Denmark Cannot Import Fodder Necessary For Her Livestock

Curtailment of Denmark's exports of foodstuffs due to war stoppage of her fodder imports was foreshadowed in a report of the agricultural council.

The council estimated that butter exports would drop by 100,000 tons, slaughtered pigs from 180,000 to 40,000 tons, eggs from 100,000,000 to 21,000,000.

Exports of live pigs will decline from 4,000,000 to 2,000,000, cattle from 3,300,000 to 2,800,000 and chickens from 12,000,000 to 7,000,000. The report said Denmark must depend exclusively upon her own harvests to feed her livestock.

Busy In England

Sir Frederick Banting, discoverer of insulin, who is busy discovering the Fifth Communist of the epidemic world, has an especially built laboratory at the new Canadian Red Cross Hospital in England as his headquarters.

Of 500 pictures recently exhibited by the Society of Women Artists in London, only five treated of war.

Largest city south of the equator is Buenos Aires

Placer Mining

Men Still Make Money Panning For Gold In The Yukon

The days of the Klondike are far from dead, according to the Mines and Resources Department's annual report on placer gold production.

Men still "pan" Yukon streams for gold and during the fiscal year ended March 31, 1940, production amounted to 106,078 ounces, an increase of 17,483 ounces from the previous year.

"After almost a half century of continuous operation the famous placer fields of the Klondike still have gold-bearing reserves of a magnitude that assures more years of success," the department says.

The old pan, rocker and sluicing methods, however have given way largely to huge dredges, mostly operated by electricity developed from the water power of the area. During the fiscal year 11 dredges operated and they handled more than 10,000,000 cubic yards of gravel.

There were 2,644 claims of good standing, of which 2,502 were in the Dawson district, 103 in the Mayo district and 39 in Whitehorse. "The high price of gold in recent years has resulted in increased attention being given the Yukon," says the report. "Placer operators are working over the old Klondike diggings and the lower grade ground which was neglected in the days of '98."

Prospecting for placer gold increased, and extensive stripping and thawing operations, preliminary to large-scale dredging, were carried out on several claims.

More Generous Gifts

Two Received In London Recently Deserve Special Mention

A poor woman's gift of £159 (\$707) and a working girl's entire savings, £100 (\$445)—are but two of the generous offers which have been received in London by the National Savings Committee and the Red Cross, respectively.

In a clumsily tied paper parcel the poor woman, who refused to give her name and any other identification, left £159 in old treasury notes and a scrawled message which read: "Please will you share these notes for the Red Cross, and to help the war."

The other case came from a working class girl who lent name and savings of £100—to the Government free of interest for the duration of the war.

An Ideal House

Everything In Five-Room Exhibit At New York Is Washable

For two successive years, an exhibit in New York has shown a washable house, everything in the five rooms being washable with soap and water. The wallpaper is really washable, not merely so named, the furniture covers are of linen or cotton, the draperies are of chintz and everything else is unspoilable by laundering. There is a composition wall cover which looks like knotty pine which is washable. Walls painted in flat wall paints are also washable.

Misjudged His Passenger

A Scotsman arrived at Euston at noon and asked a taxi-driver if he could drive him to catch a train at Waterloo at four o'clock.

The driver thought he could do it in the time. The traveller got inside and for three hours and fifty minutes the taximan drove the Scotsman by devious ways across London.

When he was set down at Waterloo, the Scotsman sought a policeman.

"What's the fare from Euston?" he asked.

"About three shillings," was the response.

"Here," said the Scot, handing him the money, "will you settle with the driver while I get my ticket?"

Play While Bombs Fall

Miss Ann Campbell, home in Milton, Ont., after spending the last term as an exchange teacher in England, said that English men, women and children play games and hold spelling matches in air raid shelters during bombing attacks.

Eggs with thin shells are laid by hens that get a diet poor in calcium.

A Recent Discovery

Scientists Report Finding Radio Pathway From North To South

The following interesting article is by Stephen J. McLaughlin, Associated Press Science writer:

Discovery of a radio pathway linking all of the Americas has been reported by scientists of Argentina and the United States.

Dr. A. T. Cosentino of the Argentine ministry of the Interior and Dr. J. H. Dellinger of the United States bureau of standards, said in a joint article that during the northern winter and southern summer radio signals going north and south are 25 times greater and 15 times less variable than broadcasts between the United States and Europe.

They declined to comment on the economic and political value of this radio link. But others pointed out that it makes possible closer radio and telephone communication in the western hemisphere.

The scientists said the phenomenon of a radio channel north and south instead of east and west is due to disturbances in the ionosphere—the reflecting layers of electrified air in the upper atmosphere which bounce radio signals back to the earth.

Electrical storms occur constantly in the ionosphere and interfere with radio communications. They were attributed by Dr. Cosentino and Dr. Dellinger to influences of the magnetic field of the earth near the north magnetic pole and the aurora borealis, the effects being more pronounced in high latitudes.

SELECTED RECIPES

NEW ZEALAND CORN FLAKE KISSES

1/2 cup shortening
 1 cup sugar
 1 egg
 1 1/2 cups flour
 1 teaspoon baking powder
 1/4 teaspoon salt
 1 cup finely chopped dates
 2 cups Kellogg's Corn Flakes

Blend shortening and sugar thoroughly; add egg and until light and fluffy. Sift flour with baking powder and salt; add to first mixture with dates; mix well. Mold mixture by teaspoonfuls into balls. Crush Corn Flakes into coarse crumbs. Roll balls of dough in crumbs and flatten on greased baking sheet. Bake in slow oven (325 degrees F.) about 20 minutes. Remove from pan while warm.

Yield: Three dozen cookies (1 1/2 inches in diameter).

PORK CHOPS A LA ROBERT

16 Christie's Premium Soda Crackers
 2 cups sliced cooking apples
 1/2 cup sliced onions
 Salt and pepper
 6 loin pork chops

Into a greased baking dish put alternate layers of crackers, apples and onions. Season and lay chops on top. Season meat and bake covered (375 degrees F.) 40 minutes. Uncover, brown. Six portions.

"Remember that a natural swarm of bees is made up of the working force of the colony, therefore if the swarm is allowed to abscond, the crop of honey of that colony is lost."

—Dominion Arianist.

Needles for busy fingers were first manufactured in Nuremberg in 1370. The first needles were known in England around the year 1543.

Firestone CHAMPION TIRES

11% LONGER NON-SKID MILEAGE
 27% STRONGER BOND BETWEEN TREAD AND CORD BODY
 35% GREATER PROTECTION AGAINST BLOWOUTS
 THOUSANDS OF SHARP-EDGED ANGLES PROTECT AGAINST SHUDDING

WHY pay more? Money cannot buy a safer tire. Why accept less? Firestone gives you extra safety, extra value and extra mileage at no extra cost!

And here's how:

Because only the Firestone Champion Tire has the amazing Gear-Grip tread which gives 11% longer non-skid mileage than any comparable tire Firestone has ever built. Its thousands of sharp-edged angles grip the road with a sure, firm hold and protect against skids and side slips. And, only the Firestone Champion Tire is built with the patented Safety-Lock Gum-Dipped cord body which provides 27% stronger bond between tread and cord body, and 35% greater protection against blowouts.

Replace dangerous, worn tires NOW. Have your nearby Firestone Dealer put Firestone Champion Tires on your car today and know that you are getting the last word in safety and economy.

LOWER PRICED FIRESTONE TIRES

In addition to the exceptional new Champion tires, Firestone dealers have three other lower priced lines—HIGH SPEED, STAMPAH, and BENTLEY.

No matter what type you want to pay for, a Firestone dealer will show you the best value for the money.

THE ONLY TIRES MADE THAT ARE SAFETY-PROVED ON THE SPEEDWAY FOR YOUR PROTECTION ON THE HIGHWAY

Canada's Speed Laws

Each Province Is Allowed To Make Their Own

The Danes, who pride themselves on their educational system, declare they have no illiteracy.

Seaplanes Are Efficient

Branch Of The Royal Navy Is Doing Remarkable Work

The amazing statement has been issued by the British Admiralty that the seaplanes of the Royal Navy traversed an area of 8,000,000 square miles, during a 20 week period without the loss of a single machine. That indicates extraordinary efficiency, and provides a guarantee that Britain's aerial force will yet be able to dominate both Germany and Italy.

Excavations at Olynthos have revealed that the Greeks did not learn mosaic art from Egypt, but evolved it for themselves as early as the fifth century B.C.

BRITAIN HURLS DEFIANCE AT THE NAZI AIR RAIDERS

Washington. — The unchallengeable fact about the Battle of Britain, after two months of Nazi air attack culminated in a week of mass bombing of unparalleled ferocity, is that the British bull dog still is growing back defiantly.

The Nazi victory schedule, it is said, set mid-August for Hitler's triumphal entry into London. The time table is definitely disarranged.

Mid-August is here. The 14th was marked by a curious lull in Nazi strafing of England. Berlin spokesmen said that flying was caused. It Britain charged it up to huge air losses inflicted on the foe in the four preceding days. Thursday, Aug. 15 the Nazis returned in force.

During the lull there was an obvious feeling in England that the first phase of the battle was over, that the danger of invasion was passing and that prospects of winning through until winter's storms and long nights came to Britain's aid were brightening hour by hour.

Prime Minister Churchill took notice of that, warning parliament that the danger of invasion was far from past. He voiced grim determination that there should be no let-down.

The Berlin explanation that bad weather caused the brief breathing spell does not sound very convincing. It is not verified by any weather stories from Britain's channel coast. Certainly flying conditions were not such as to prevent British bombers from surging across the channel to storm in the night at Nazi bases along a hundred mile front.

Whatever the real reason, the German bad weather explanation recalls that within another six weeks or less, bad weather will be the rule in the North sea and English channel, not the exception. Equinoctial storms of unpredictable force and duration can be expected there by mid-September. They invariably come as a prelude to the Sept. 22 equinox in those shallow and temperamental waters.

It follows, then, that Germany must achieve victory, whether by invasion or by utterly devastating bomb attack, before then, and the known results of the Nazi air blitzing up to now do not indicate that prospects of a quick victory have greatly brightened for Hitler in the nearly two months the fight has raged.

Italian Casualties

Lost Confirms British Claims Of Enemy Losses

London.—The ministry of information declared that Italian casualty lists furnish "striking confirmation" of the "conservative character" of British claims of enemy air losses.

"Thus in July, 1940, the total of Italian aircraft claimed destroyed by the R.A.F. was 76 confirmed. Of these a number were destroyed on the ground; that is to say, without pilots," a ministry statement said.

"Italian casualty lists for July admit the loss of 76 pilots killed and missing, a number exceeding the total claimed by the R.A.F."

English Plum Pudding

Boston. — Ten thousand English plum puddings for American Christmas tables came into Boston a few days ago. Customs documents revealed the recent arrival of 170 cases of the delicacies on a British vessel. The famous puddings usually are made this time of year and held in England for ripening until fall. Due to conditions abroad it was decided to send the puddings to American warehouses for ripening.

French Warships In Action

London. — French "Tinn" guns manned by crews of 40 Frenchmen on French warships, shot down two enemy bombers during a recent raid on a south coast naval base, it was announced from headquarters of General Charles de Gaulle, leader of the French forces fighting with Britain.

Federation With Canada

Kington, Jamaica. — Resolutions favoring the federation of Jamaica with Canada as a West Indies province of the Dominion were passed here at a meeting attended by members of the Progressive league and private citizens.

Chief Engineer Dies

Winnipeg.—Edgar M. M. Hill, 58, chief engineer for the western region of the C.N. Railways, died in hospital here after an illness of three months.

Newfoundland Base

Government To Strengthen Bases On Eastern Coast

Ottawa.—Newfoundland's strategically placed land and sea airplane bases at Gander lake and Botwood, guarded by Canadian troops since early in the war, will be strengthened by the expenditure of close to \$1,000,000 by the Canadian government in the near future, Air Minister Power announced.

Mr. Power is leaving for a survey of the eastern command, including the maritime provinces and Newfoundland, in his capacity as minister of national defence for air.

The minister will examine progress of defence activities in the land, sea and air services. He will travel by air and will visit Halifax, Yarmouth, Saint John, Sydney and other Newfoundland province areas, as well as Newfoundland.

The minister discussed his plans at a press conference when he told of steps taken to provide adequate defence by Canadians of the \$16,000,000 aerodrome at Gander lake in Newfoundland, and the nearby seaplane base at Botwood.

The Gander lake field, developed in peace time by the Imperial Airways and others associated in the establishment of a north Atlantic air mail and passenger service, is now closely guarded by Canadian troops, and the same is true of the Botwood seaplane harbor.

It is the intention of the department to extend facilities for defence forces of all three branches in Newfoundland, which is strategically situated at the northern Atlantic gateway to America more than 1,600 miles from enemy bases.

British Cruiser Sunk

Armed Merchant Cruiser Torpedoed By German Sub

London. — The 16,923-ton armed merchant cruiser Transylvania—once a popular West Indies cruise ship running out of New York—has been torpedoed and sunk by a German submarine somewhere in the Atlantic.

The British government had taken her over from the Cunard American line.

An admiralty bulletin said: "The secretary of the admiralty regrets to announce that the armed merchant cruiser H.M.S. Transylvania (Captain F. N. Miles) has been torpedoed by a U-boat and subsequently sunk. The next-of-kin of casualties have been informed."

The Transylvania was the seventh largest liner to be sunk during the war.

Between 30 and 40 sailors were believed lost due to lifeboats capsizing in choppy seas.

More than 300 officers and men were saved and landed at a west coast port.

Most of the rescue work was done by ships that picked up distress signals and dashed to the stricken liner. The liner kept afloat almost four hours.

Prisoner Of War

King Leopold Of Belgium Has His Children After Weeks Of Separation

Brussels (via Berlin). — A prisoner of war in his own castle, King Leopold of Belgium has his children with him again after weeks of separation—but he still awaits the return of hundreds of thousands of his countrymen who fled to France during Germany's invasion of the low countries.

About 1,500,000 Belgians were wandering refugees in France when the armistice was signed. They have been returning only gradually to their homes.

Even before the conclusion of the Battle of France, Leopold did what he could to speed repatriation of Belgian refugees. He asked the president of Switzerland June 13 to negotiate with French and German authorities for the return of Belgians across Swiss frontier. Last month he won the Red Cross co-operation.

China's War Record

Hong Kong.—Chinese airmen have done or destroyed on the ground a total of 848 Japanese planes, cost the lives of 1,148 enemy airmen and sunk 10 Japanese war vessels in three years. The Chinese air command statement was issued on the third anniversary of the outbreak of Chinese-Japanese hostilities in Shanghai.

Edmonton Fatality

Edmonton.—City police said Carl D. Pullman, about 50, a line foreman in Edmonton's electric light department, was killed instantly when he accidentally touched a high voltage wire. 2975

SUPERIORITY OF BRITISH SEEN OVER ENEMY PLANES

London.—British pilots are fighting the German air raiders with a "different feeling" since "bombs are dropping in our country," a squadron leader of the Royal Air Force told newsmen in a press conference.

He was Squadron Leader J. A. Leathart, winner of the Distinguished Service Order for rescuing his squadron commander who was shot down in France, and for shooting down 15 Messerschmitts, possibly two others, when leading an offensive patrol over France in May.

"We fought desperately over France," he said, "but it's a different style of feeling when bombs drop on our own country."

"It makes men fight like the very devils."

When the air ministry announced the Royal Air Force has destroyed 78 German machines and lost 13 itself, or some other figure which may seem disproportionate, I for one am prepared to believe them because I know checks and double checks are made before the figures are released.

This statement is made by J. F. Sanderson, Canadian Press staff writer. He goes on to say:

"If the air ministry errs at all it is on the side of under-statement, because it insists that all enemy losses must be substantiated or they don't count in the official record. If a German plane has been damaged so seriously its return to a home base is almost impossible, it will never find its way into the air ministry bulletin."

"It has to crash or to break up in the air before the R.A.F. will recognize it as a machine shot down."

"In the early days of the war the R.A.F. had a rule an enemy plane would be listed as destroyed only if two pilots saw it crash. In the type of dog fight now going on over Britain that rule cannot be enforced, so corroboration has been dropped. In its place has gone a rule that the pilot must be prepared to pledge his word that he has destroyed an enemy plane. It will be listed to his credit provided he said it crash or break up in the air."

"All through the R.A.F. it is now a point of honor not to claim destruction of an enemy plane unless all doubt has been removed."

"Only Germany knows how many planes British fighters and anti-aircraft gunners have shot down, but the number damaged so badly that they failed to reach home may often be a high percentage of the number destroyed."

"When the R.A.F. had a record bag of 78 German planes Aug. 13 it is quite possible another 25 or 30 were hit so severely by machine gun bullets or high explosive shells that they failed to get home. But they did not count in the R.A.F. records because no British pilot saw them crash."

From Aug. 8 to Aug. 14, the R.A.F. had shot down 289 planes and lost 74 of its own. What is the explanation of the R.A.F.'s superiority?

"The first reason is the superiority of the Spitfires and Hurricanes that carry eight machine guns tucked in their wings and fire at a rate of 9,000 rounds a minute. These fighters are extremely manoeuvrable and have a

CAMILLE HOUDE

Mayor of Montreal, now in the same interment camp in which James Franceschini is confined, may possibly find himself working under the multi-millionaire road contractor who built millions of dollars worth of highways in Ontario and Quebec. Franceschini is now a foreman of road construction.

top speed not far from 400 miles an hour.

"Another reason is the better system of training R.A.F. pilots over German pilots."

"A third reason is the vulnerability of the big and comparatively slow and cumbersome bomber against the small, fast streamliner fighter. This factor is double marked in the case of the German bomber which, unlike the British bomber, has not the power-driven gun turret."

"Finally there is the psychological factor of the fighter pilot defending his own country and the strength and daring that comes from that consideration, particularly when the fighter pilots know the whole future of their country depends on their efforts."

Inspecting Camps

U.S. Weekly Newspaper Editors Spending Week In Canada

Niagara Falls, Ont.—A party of 32 United States weekly newspaper editors and syndicate managers have started a six-day visit to Ontario during which they will inspect two of Canada's largest military camps—the Royal Canadian Air Force station at Trenton and the R.C.A.F. and army encampment at Camp Borden.

The visitors are "guests of the Canadian Weekly Newspaper Association, the Ontario Hotelmen's Association and the Ontario department of highways. They were greeted on arrival here by Hon. T. B. McQuesten, Ontario highways minister."

Books Exempted

London.—Sir Kingsley Wood, chancellor of the exchequer, told the House of Commons that he has decided to exempt newspapers and books from provisions of the new purchase tax, thus yielding to press and a widely distributed press is a vital factor, particularly to-day, in the maintenance of the public morale." Sir Kingsley said.

THE ROSS CLAN OF PARLIAMENT HILL

There must be something in a name—six of Canada's Members of Parliament respond to the surname of Ross. Here they are after the close of the session: Left to right—front row: Douglas C. Ross, (Con.), Toronto-St. Paul; Gordon J. Ross (Lib.), Moose Jaw; Leut.-Col. Duncan G. Ross (Lib.), Middlesex East. Back row: George H. Ross (Lib.), Calgary East; Leut.-Col. J. A. Ross (Con.), Souris, Man.; Tom Ross (Lib.), Hamilton East.

Harvest Labor

No Appreciable Increase In Wages Has Been Reported

Winnipeg.—Despite a big demand for harvest labor in western Canada, there has been no great increase in harvest wages. Dominion government labor officials said here.

Wages vary from \$2 a day for stooking to \$5 a day paid to combine and weather operators.

Farmers in some areas have had trouble obtaining men to work for monthly wages of from \$30 to \$35 a month, but there has been no scarcity of day laborers for harvest work, according to reports received by the western clearing house of the Employment Service of Canada, located here.

A scarcity of women farm workers has been reported from northern and western Saskatchewan and from parts of Alberta and British Columbia.

Wages for stooking in the four western provinces range from \$2 to \$2.50 a day; for binder operators, from \$2.50 to \$2.75, and for combine and weather operators, from \$3 to \$5. Board and room is included in all the wages.

In Manitoba, the basic wage for stooking is \$2 a day, according to the Winnipeg office of the employment service, but in some places \$2.25 is being paid.

No appreciable increase has been noted in wages, an official said, although there is usually a tendency for prices to go up as the season advances.

BELIEVE GERMANY IS PREPARING TO TRY INVASION

London.—Authoritative sources reported that Germany has troop concentrations in Norway and the Netherlands ready to attempt an invasion of Britain if present air attacks on this country prove successful.

The reports said that Hitler has armed men ready in isolated parts of Norway and along the coast of Holland, who have been practicing combined operations with naval forces.

Whether they will be used as a military force against this country depends presumably on the ability of the Wehrmacht to gain mastery in Britain's skies or dislocate even temporarily the air defenses—something it has failed to achieve in almost a week of steady mass raids.

No matter in what form Hitler attempts to subjugate this country, whether by invasion or air blockade, he must obtain—at least temporarily—control of the air.

During the last few days he has been feeling out Britain's air defenses by heavily attacking, but so far he has not had anything like the success he must have if he is planning a full scale invasion.

Because of Hitler's failure to gain air supremacy over Britain, the pause may denote that other tactics will be tried. Germany used only 300 bombers and fighters on recent raids as against the 500 used daily in the previous attacks.

Sees Nazi Finish

Britain Will Yet Strike Germany A Death Blow

London.—War Secretary Anthony Eden declared solemnly that Britain will yet strike Germany a death blow and that when she does, the nations defeated by Hitler will turn upon him "like ghosts arising from the dead."

In a broadcast, he asked: "When the time comes for us to strike, where will Hitler's fifth column be? Where will he find friends in Poland, Czechoslovakia, Norway, Denmark, Holland, Belgium, France, Austria?" "The ghosts arising from the dead with their arms and their hands, the nations that he has ravished for a season will turn upon him."

"Then we shall not be alone."

Maintain Flood Blockade

London.—A motion declaring opposition to "any effort or proposal which may be made to permit food supplies to Europe to pass our blockade" was introduced in the House of Commons. It was endorsed by 160 members.

Executed For Treason

Berlin.—Germany's guillotine took the life of the 25th person sentenced to death so far in 1940 for treason. He was Myndert Meuwissen, 30, of Amsterdam, convicted May 23 of betraying military secrets to an unnamed foreign power.

URGENT NEED IN BRITAIN IS FOR MORE PLANES

London.—Hitler's blitz-push against the channel ports shows Britain's need is for planes, planes, and more planes.

One feature of the aerial attacks is the methodical tactics of the Germans. They send over a wave of smaller planes in an attempt to drive patrols to one point, then aim heavier bombers at another.

The Royal Air Force was outnumbered in every fight in five days in England's hottest corner—Dover. Yet in spite of constant attacks the Germans have done remarkably little damage of military consequence. Trains run regularly, even though off-schedule, despite air raids.

There were two raids Thursday morning, and then, just as we were boarding the train, another came. While I was standing on the station platform, waiting for the train to come in, planes could be heard in angry combat above.

The crowd at the station was scattered by machine-gun bullets which tore through the station roof above six feet from where I was standing. The station-master waved everyone under the concrete steps.

Morale of the coastal people is excellent. They have been toughened by bombing raids, so they merely take time to outside the hottest bombing and gunning, then carry on with their regular business.

Fixed Grain Prices

Winnipeg.—Fixed minimum carlot prices to be paid western farmers by the Canadian Wheat Board for No. 1 Hard, No. 2 Northern, the first three grades of Amber Durum, No. 1 Alberta Red Winter and No. 2 and 3 Alberta Winter for the current crop year were announced by the Canadian Wheat Board.

Prices for other grades will be fixed as quickly as possible, the announcement said, together with discounts for the off-grades.

Following are the fixed minimum prices announced by the board, basis in store Port William or Vancouver: No. 1 Hard, 70 cents a bushel; No. 2 Northern, 67 cents; No. 1 Amber Durum, 62 cents; No. 2 Amber Durum, 59 cents; No. 3 Amber Durum, 56 cents; No. 1 Alberta Red Winter, 63 cents; No. 2 Alberta Winter, 62 cents; No. 3 Alberta Winter, 60 cents.

Toughs of these grades are shipped under the straight grades.

The embargo against the shipment of wheat to lakehead ports was relaxed slightly with the announcement by the board of grain commissioners that the Canadian Pacific and the Canadian National Railways would each be permitted to move daily 200 cars of grain, including wheat to the lakeheads.

Dangerous Crossing

Four Norwegian Reach Canada In 18-Foot Boat

St. John's, Nfld.—Four Norwegians—three demobilized soldiers and a sailor—reached here in a 18-foot boat after a hazardous crossing of the Atlantic from Norway.

The boat was equipped with an auxiliary engine, but they were unable to beg or buy gasoline and had to use salt and oars. To guide them they had only a pilot's chart.

Far North Trip

Edmonton.—Pilot Alf Caywood returned here after making the most northerly flight ever attempted by a commercial airplane operating out of Edmonton. His 10-day flight took him to Minto Inlet, on the northeast corner of Victoria Island and 1,755 miles northeast of Edmonton. Final destination was about 150 miles northwest of the magnetic pole.

Protect Gibraltar

Algeciras, Spain.—Britons are plugging the gate in the old wall skirting the Algeciras side of Gibraltar and warehouses and other buildings in the commercial dock area are being torn down. The razing of the buildings will give defenders greater efficiency from higher dominating positions in the British stronghold.

Service Restored

Berne, Switzerland.—Intermittent and irregular telephone communication under French censorship was re-established between Switzerland and Vichy, said a Swiss Press Bureau statement. French order had halted all but official calls.

THE STING GOES ABOARD

Into the lockers go the shells, a British cruiser is preparing to put to sea, and warm welcome is being prepared for any German or Italian ships that venture to meet her.

Bellevue and Lethbridge juniors tied in the opening series of the best of five in the opening series of the best of five at Lethbridge on Sunday last. Score for the first game was 9-7 for Bellevue, and the second 11-5 for Lethbridge. The next two games will likely be played at Blairmore on Sunday.

Hon. E. C. Manning, Alberta's minister of trade and industry, has joined the 2nd Battalion Edmonton Regiment, N.P.A.M., and is recommended for commission as second lieutenant. Orvis A. Kennedy, former Social Credit member for Edmonton, has joined the same unit.

Local and General Items

The Editor will be glad to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, showers, presentations, anniversaries, etc. Phone items in to 11 or hand them in at The Enterprise office not later than Thursday evenings.

The robin has an average life span of six years.

Six R.A.F. fliers are lost for every 100 Germans.

McDougall wants to know why Dean should be considered "Dizzy."

Svebert Joseph Chaput, of Pincher Creek, has been appointed a justice of the peace.

A girl last week married a man named Homsen. She probably had none of her own.

J. V. McDougall and family left for coast points the early part of the week on annual holiday.

Miss Eleanor Anderson, of Hamilton, Ontario, has been elected president of the Canadian Teachers' Federation.

The editor of the Stavelay Advertiser has decided to close up shop and give his machinery and himself a holiday for two weeks.

William Oliver and family, and Miss Gertie Oliver, returned Saturday from an extended holiday trip by motor to Truro, Nova Scotia.

In a country which Nature provided with trees, is it logical to cut them all down and then curse the wind—Athabasca Echo.

At the annual Maritimers' picnic at Athabasca last week, an interesting time was had counting noses of Bluesoes present and absent.

Mrs. James Mitchell, of Pincher Creek district, was seriously injured last week when her pet bull turned on her and gored her in the stomach.

E. L. Richardson, for 38 years connected with the Calgary Exhibition Board, left Calgary last week end to take up permanent residence at the coast.

A country pupil wrote the following howler in a recent test paper: "A minister without portfolio is a clergyman who doesn't need notes in the pulpit."

Swearing, in the last analysis, is a symptom of a perverted mind. The oath simply means there is something out of kilter in the mind and heart of the man using it.

Someone remarked the other day that the Scotch tongue was so broad that fifty persons could comfortably sit on it. And, we often wonder why they don't just do that.

Two youths were convicted of stealing oil and other items from the Imperial Oil warehouse at Bassano, and were sentenced to two and a half years' imprisonment each.

Mr. and Mrs. E. L. McCracken, of Revelstoke, were visitors with old friends at Macleod last week. Mr. McCracken, former assistant superintendent of the C.P.R. here, is now superintendent at Revelstoke.

Corp. W. H. Wilson, R.C.M.P., in charge of the Claresholm detachment, has been transferred with promotion to Cranbrook, and is being succeeded at Claresholm by Lance-Corporal F. J. Brailsford, of Lethbridge.

September 2nd is the date set for the annual exhibition of the Bellevue and District Horticultural, Industrial and Poultry Society, and indication points to the biggest and best display in the history of the organization. Outdoor-grown produce should be of an exceptionally high standard, as never since the flower show idea was introduced to Bellevue has there been such a display of fine gardens of vegetables and flowers. School art also promises to excel any previous effort, and in all one can look forward to seeing an exhibition that should take second place to none in Alberta. See large posters for further particulars.

Nazi planes downed so far total more than 1,000.

Mr. J. Angus MacDonald is a business visitor to the Pacific coast.

Canada's national registration cost in the neighborhood of \$1,000,000.

A year ago last Tuesday, Capt. W. A. Beebe, Blairmore pioneer, passed on.

C. H. Erikson, local building contractor, has been quite ill with influenza.

Joe Pietraszko, junior, recently underwent an operation for appendicitis at Cranbrook.

Close to one thousand dollars have been contributed towards the Labor Day sports fund at Fernie.

Mr. and Mrs. W. Porter and baby daughter returned to Lethbridge today, after spending a two weeks' holiday here.

Mrs. J. B. Howe and Miss Berta Harmer journeyed to Calgary on Friday for a short visit with relatives and friends there.

Mr. M. R. Maybank was taken suddenly ill at his desk at Olds on Sunday afternoon, and is a patient in hospital at Calgary.

Mrs. A. M. Morrison, of Vancouver, has been spending a holiday with her daughter, Mrs. Robert Campbell, and Dr. Campbell, at Coleman.

William Glendenning is down from Calgary to visit relatives at Coleman and friends in Blairmore. "Bill" has almost completely lost his sight.

Walter P. Chrysler, senior, motor car manufacturer, died at Long Island on Sunday night following a cerebral hemorrhage. He was in his 65th year.

Several weeks ago it was reported that a nation called Italy had entered a war against Britain. Little or nothing has been heard of the big back-hitter since.

"Spud" Murphy met with an accident at Macleod a few days ago, and is now crutching it. A beer barrel crashed against his left leg, bruising it badly. Spud is liable to be off "work" for a while.

Mr. and Mrs. W. H. Chappell returned Sunday from a holiday trip around the Banff-Windermere highway. Returning, they met their son Clifford at Cranbrook, he having landed there in a T.C.A. plane at the time.

Mr. and Mrs. Roberts, of Spokane, passed through Blairmore on Sunday enroute to Red Deer, where the latter's sister was ill. Mrs. Roberts was formerly Miss Sara McCole, and former member of the Blairmore teaching staff.

Jim Smith declares that should the male members of his staff enlist for overseas service, he will be compelled to make use of four young home guards as beer slashers, namely, Bill Arrison, Sam Nicholson, Joe Little and Dan McKay.

Students at the University of Alberta will report to classes at 8 a.m. instead of the traditional 8.30 during the 1940-41 term. Compulsory military training regulations for all male students have necessitated this change in order that the required instruction may be satisfactorily given during the school year.

Referring to America's offer of four-engined flying boats for general reconnaissance duties by the R. A. F. over the Atlantic and the Arctic, the News of the World remarks: "With this great fleet of vigilant flying boats out over the oceans, much of Germany's improved position by holding French Atlantic ports will be neutralized. Her submarines will have fresh hazards to face, so that our shipping routes will be made still safer."

Rev. J. E. Kirk, B.A., pastor of St. Paul's United church, Coleman, took the evening service at Central United church here on Sunday last, and will officiate again on Sunday evening next in the absence of the pastor, Rev. E. B. Arrol, B.A., who is relieving a pastorate at Nanaimo, B.C., while on holiday.

The Mid-West Paper Sales Limited, a foreign company, has been incorporated under the Companies Act of the Province of Alberta. The head office of the company is at Edmonton, with warehouses at Edmonton, Calgary and Lethbridge.
